
Parent Portal Customization

Arlette Pimentel

About Myself

- Living in Shanghai with my family
- We love travelling
- Been using PowerSchool for 8 years now
- This conference started because our Admission Director then wants to share what we have been doing in PS.

Objectives:

- show examples of SAS customization
- To customize the parent portal
 - Adding a page
 - Adding an icon
 - Adding a link

Limitations of Parent Portal

- Students cannot submit data in PowerSchool
- Cannot upload documents
- Surveys, data update, archives, sign ups cannot be done

PowerSchool Advantage

- Open system
- Web based
- Easy customization platform
- tailor according to your school's needs

SAS PowerSchool Goal

SAS PowerSchool Goal

“Make PowerSchool as the main source of student information”

SAS PowerSchool Goal

“Make PowerSchool as the main source of student information”

SAS PowerSchool Goal

“Make PowerSchool as the main source of student information”

- Data and Information Accessibility

SAS PowerSchool Goal

“Make PowerSchool as the main source of student information”

- Data and Information Accessibility
- Paperless Documentation

SAS PowerSchool Goal

“Make PowerSchool as the main source of student information”

- Data and Information Accessibility

- Better Customer Service

SAS Parent Portal Live

Parent Portal Page

- Add a Page using the CPM

Parent Portal Page

- Add an icon
 - Your icon should have the same format as the icon in PS.
 - Add this icon under `/images/img/iconXX.png`
 - Add the image on the image css files
 - `/images/css/print.css`
 - `/images/css/screen.css`
 - `/images/css/screen-ui0.css`

Parent Portal Page

- Add the link
 - /wildcards/guardian_header_yui.txt
 - /wildcards/guardian_header.txt
